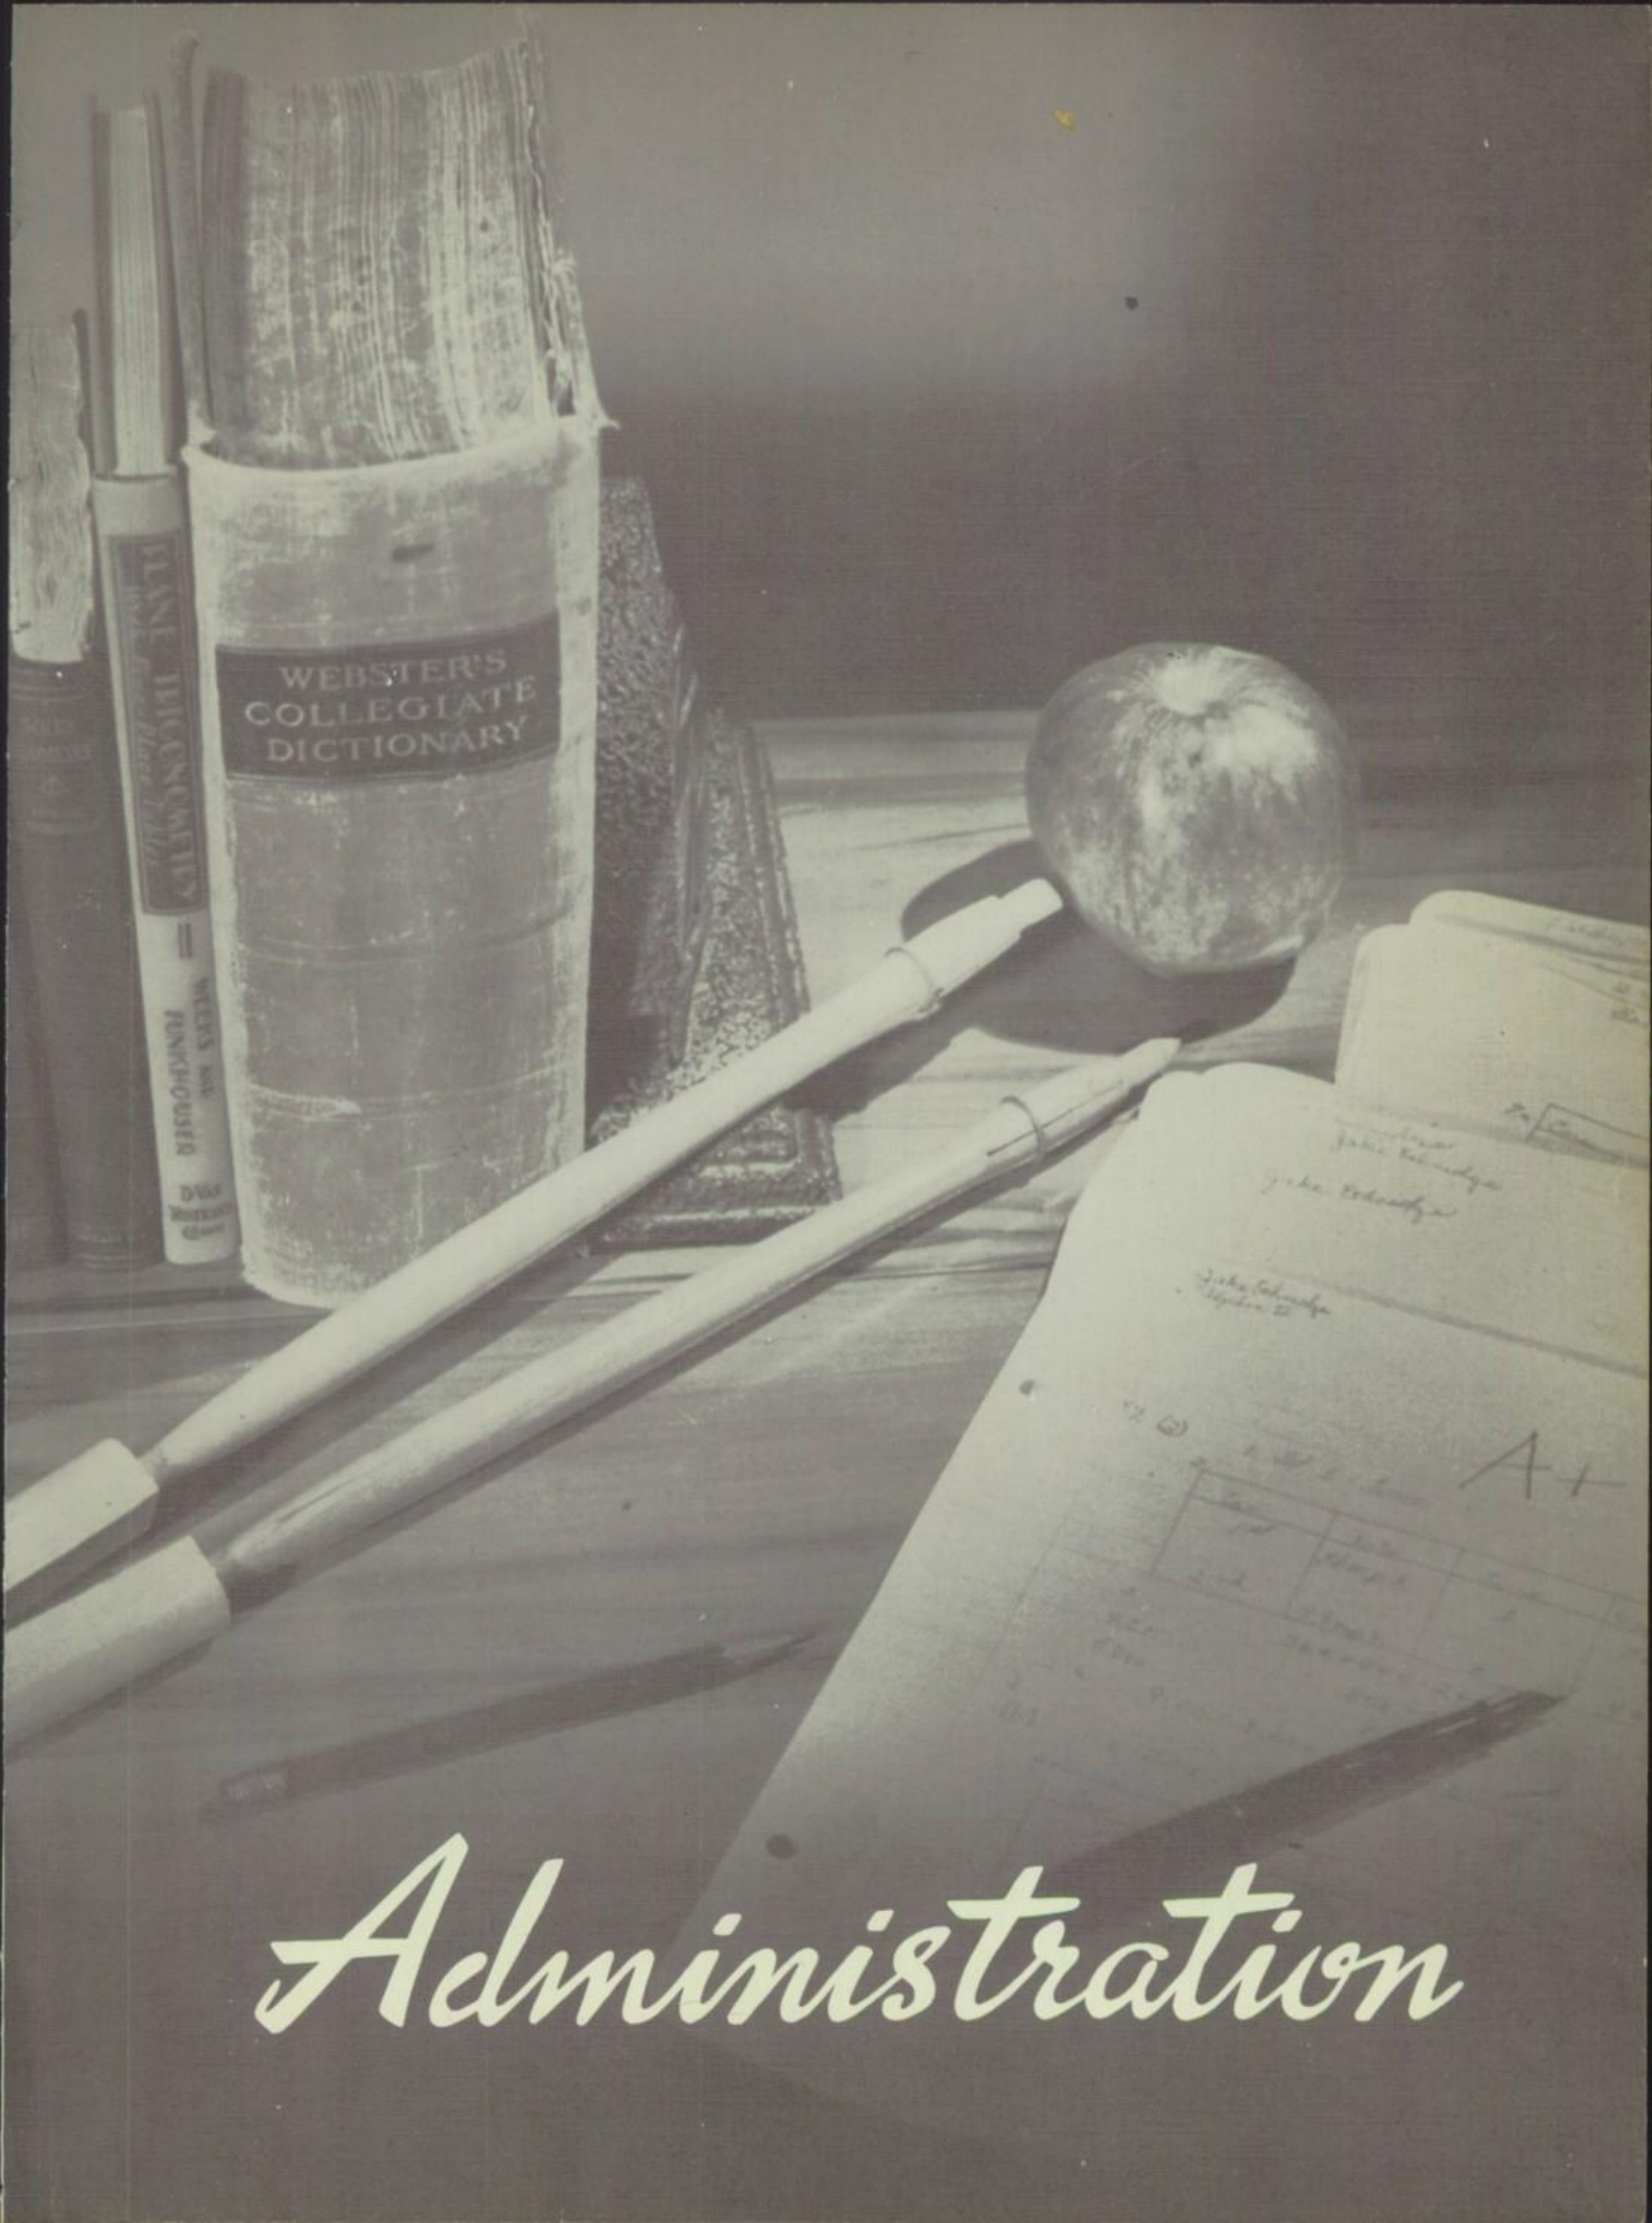
In days to come we hope that this book will grow in value. Many years from now you will leaf through this 1955 yearbook and recall various experiences in high school. Many of them will be brought to life by the sight of an old friend's face.

We on the yearbook staff sincerely hope that the 1955 Cardinal will help you relive your high school days. May it bring you joy on a reminiscent night in the future. We also hope that it will bind you closer to your present friends, that they may not be forgotten later on.

We would like to thank all the faculty, students, and friends who helped us to make this book possible.

Now we present to you, students and faculty of East Central, your yearbook of 1955.



Administration

Superintendent's Message

THE CARDINAL, Annual of 1955, is a record of the ideas, talents, and activities of the students and sponsors of East Central School. You have performed the task well, and I am proud of your accomplishments. May I be one of the first to congratulate you for a job well done.

Seniors, I wish to congratulate you upon the completion of a successful and full year of school experiences. It is our sincere hope that your lives may be filled with happiness and success, and that you will continue to show the spirit of loyalty to your home, community, and country, that you have shown East Central High.

To those students who have not yet completed their high school experiences, I offer a word of encouragement. The world demands a high degree of competency from the youth today. Consider your present assignment seriously and make sure that you make the most of your opportunities.

I sincerely hope, Seniors and all students, that you will remember your school days here as an enjoyable and highly profitable experience, and I wish for you the best of every thing in life.

Your friend,

William Wickett

The Buildings

The brick building has been completely remodeled into a modern Elementary building with twelve classrooms and a small auditorium. It houses the first six grades.

The white frame building is now the Cafeteria. The Kindergarten is also in this building, and the other classrooms have been used temporarily for High School classes this year.

We are all looking foward to the completion of our New addition to the Senior High School. It consists of Home Economics, Shop, and Science Departments, Stage and dressing rooms. We expect to be using this new department before the end of school.
